Definition

A group of persons gathering in open spaces and not in a permanent enclosed structure that has an approved use, and not on publicly owned property. Publicly owned property is land owned by the County, State or Federal Governments. (Board of Education owned land shall be considered publicly owned land, if their event(s) are completely contained (including parking) on their grounds.)

When is a Temporary Use Zoning Permit required for a Special Event?

When you or your organization plans events or activities, it is vitally important that the appropriate agencies are notified. Those agencies include but are not limited to Emergency Services, Liquor Board, Public Facilities, State Highway Administration, Circuit Court, Fiscal Services, Permits Administration, the Charles County Sheriff's Office (Assistant Commander of Patrol), and the Maryland State Police (local).

Quite often these agencies may need to provide services related to large crowds and these additional requirements can exceed the availability of local resource unless thorough planning is coordinated.

Public Events, such as carnivals, circuses, decorator's showcases, music festivals, or theme festivals, shall be allowed for a maximum of 30 days, provided a Zoning Permit is obtained. The event will be subject to the following requirements taken from Section 30, of the Charles County Zoning Ordinance:

1. The temporary use permit shall specify the use, dates, and hours of operations of the event.
2. Adequate arrangements for temporary sanitary facilities must be approved by the County Department of Health.
3. No permanent or temporary electrical power for lighting or other uses shall be installed without an electrical permit demonstrating compliance with the County's electrical code.
4. The site shall be cleared of all debris at the end of the event and cleared of all temporary structures within three (3) days thereafter. A bond in a sufficient amount as determined by the Zoning Officer shall be provided to insure that the premises shall be cleared of all debris. For an event of 1,000 or more attendees, the bond amount may also include an amount for the purpose of assuring that all emergency service agencies will be paid for the provision of agreed upon services.
5. Adequate off-street parking shall be provided and a stabilized drive to the parking area shall be maintained.

6. It shall be the responsibility of the applicant to guide traffic to parking areas. The applicant shall notify the local enforcement authority and shall provide adequate traffic control.
7. No structure or equipment shall be located within 200 feet of any residential lot less than five (5) acres.

The event is allowed one (1), 32 square foot, *on-site* freestanding sign (application required). Off site signs will be prohibited.

Parties at private residences and weddings are not considered public events and will not require a permit. The permit will generally apply to the following types of events:

parades*	fireworks displays*	outdoor music festivals
carnivals	craft fairs	haunted houses
political rallies & fund-raisers	road rallies	tractor pulls
concerts	circuses	bicycle races*
rodeos	theme festivals	foot races*
holiday event	car show	motorcycle ride

*Fireworks, solely for the purpose of display, less than (1) hour and without vendors, food, etc. will not require a Temporary Use Permit. Parades, bicycle races, foot races, for the sole purpose of staging or disbursing, without vendors, or food, will not require a Temporary Use Zoning Permit.

Procedures to obtain a Temporary Use Zoning Permit:

Fill out the Public Event Application, either in the office at the Charles County Government Building, Permits Administration, or on-line (www.charlescounty.org/pgm/apps/publicevents/applicationmain.jsp) no less than thirty-five (35) days prior to the first day of the event. The application will be forwarded to the appropriate agencies for review to determine if there will be any additional permits required. If any additional permits are required (such as a building permit for any proposed structures), the applicant will be notified.

The following information must be submitted with the Public Event application:

- Four (4) copies of a site plan drawn accurately or to scale showing lot lines, existing and proposed structures (tents, stages, concession stands, sanitary facilities...). Show setback dimensions from any proposed structure(s) to lot lines. In addition, the parking area(s) for the event must be included on the site plan. If applying on-line, the site plans must be mailed to or brought to the Planning Office with the permit reference number. *If the event has been permitted in previous years, the site layout will be the same, and a site plan has been submitted previously, a new site plan will not be required.*
- \$102.00 application fee paid either at application or prior to having the permit issued. (Fee subject to change every July 1) A 4% Technology Fee surcharge will be added to all permits issued after July 1, 2014.
- For an event of 1,000 or more attendees, a bond in a sufficient amount, as determined by the Zoning Officer, may be assessed for the purpose of site clearing of debris and/or assuring that all emergency service agencies will be paid for the provision of agreed upon services.

- The Zoning Officer may allow a guarantee for organizations with prior experience within the County of at least two events which resulted in no problems with clean up or default of payment to emergency service agencies.

When the Temporary Use Zoning Permit is applied for, an Inspection Card will be issued to the applicant that will contain agencies and phone numbers.
